

We are looking forward to hosting Taste Champagne in Melbourne on the 1st February 2022.

As per the government guidelines it is a requirement that all guests in attendance will be required to be double vaccinated and show proof of this at the venue when checking in. This can happen via the [Service Victoria app](#), or with a digital or physical certificate.

Attendees can also present a valid written medical exemption. These may be requested prior and will need to be shown upon arrival before entering the venue. For further advice regarding exemption requirements, please refer to the following link: [Getting help during coronavirus \(COVID-19\) - If you can't have a COVID-19 vaccination for medical reasons - Services Australia](#)

Please note that we are legally not allowed to permit entry to anyone who does not meet these criteria.

Should existing ticketholders not be in a position to comply with these requirements we are able to refund your ticket provided we receive this request by **31st December 2021**.

Any [queries](#) please do not hesitate in contacting us directly.

Warm regards,
Tyson, Jody & Craig
